

3 Circles Evangelism Training

There are many different methods or tools that have been created to share the Gospel (believe me, I have learned many of them!). One of my favorites is called the **3 Circles** which was created by the North American Mission Board (Southern Baptist). I believe it is an extremely powerful tool in our context of community outreach ministry, because its' starting point is "brokenness."

- *Family Church* in West Palm Beach, Florida put together a **six-part video training series** for the *3 Circles* Evangelism training. The senior pastor, Jimmy Scroggins, is the facilitator of the video series. You can access it here: <https://travissinks.com/3-circles-evangelism-training>.
 - Each video is 9-12 minutes in length and has some easy assignments.
- There is also a **downloadable workbook** on the website that has some great content if you desire something in writing. It is called: "Trainee Workbook"
- Two other recommended resources:
 - Book – *Turning Everyday Conversations into Gospel Conversations* by Jimmy Scroggins, Steve Wright, Leslee Bennett
 - Phone App with the gospel presentation on it – it is called *Life on Mission*, but it is all about the *3 Circles* presentation. I have used this many times, and I love it!
<https://apps.apple.com/us/app/life-on-mission/id879490935>. You can literally walk someone through the gospel right from your phone.
